### **DETAILED ACTION**

Claims 1-23 are pending.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-23 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1-9, the term “ comprises “ is an open term. It can embrace a set of various compounds or groups which are either known or unknown in the art.

In claims 10-16 and 17-23, the terms “ effecting immunosuppression “ and “inducing apoptosis in a cell” are medical functional terms. They do not represent a method of treating a specific and/or a meaningful disease. They can be drawn to a variety of diseases which are distinct one from another as disclosed in the specification.

No claim is allowed.
